#### **Feature Cats**

We are very excited to tell you that all three of the cats from the last newsletter have found homes. Squiggy was adopted by a couple who had adopted from The Tenth Life many years ago. Their kitty had passed away, and they needed a new cat to love. Squiggy desperately needed a home as an only cat, and is now very happy being loved all the time without the influence of other

Our new feature cats are Miss Kitty and Denise. Miss Kitty is ten years old, long-hair, black, spayed, and declawed on the front paws. She is super loving. She stands on her hind legs and paws your legs to be picked up and held. She then gives kisses. She had a loving home, but her "Mom" died of cancer a few months ago and Miss Kitty came to live here. She had a tough time adjusting to her new life here. Her "Mom" was a dear friend of The Tenth Life. Miss Kitty loves to sit on laps and is fine with other cats. She is a beautiful girl who needs to be loved.

Our second feature cat is Denise. She is tiger and white and also front declawed. Of course, she is spayed. She is about two years old and very friendly. She can be with other cats or could be an only cat. Denise likes to talk to you and tell you about her day. She is a small cat with a big voice.

They can be seen by appointment. The adoption fee is seventy-five dollars, and they are ready to go to a loving home to spend the rest of their lives with love.

She commented that she was going to write a check for forty thousand dollars, and there would be more later when everything was settled. She stated that the lady who had passed away was an animal lover, and she was dispensing her funds as she had wished. We were in total shock. Nothing like this had ever happened before. Early on the morning of Christmas Eve, we deposited the check into the account for The Tenth Life cats. We are so grateful for this wonderful windfall and intend to invest it for the cats to increase their earnings. Probably some of it will be added to the alarm account to accelerate the installation of a system.

### The Importance of Spaying/Neutering

We have talked many times about the need for spaying and neutering. Too often this time of year, concerned, caring people will begin feeding a stray because of the colder weather. Of course, feeding is very would be the ideal, but unfortunately this will not

important, but the importance of spaying or neutering is overlooked. The person will feed the cat all winter and On December 23<sup>rd</sup>, we received a call from a lady sometimes even let the cat into their home when the who said that she wanted to make a donation from a weather is super cold. They let the cat back outside when fact that when the weather does warm, the females will begin going into heat, and the males will be looking for a mate. Now is the time to break this cycle. At this time of year the females are not going into heat, and it is a perfect time to have them spayed to prevent the inevitable production of kittens in the spring. Of course, it is also the perfect time to have the males neutered. We realize the cost of spaying and neutering is very expensive at veterinarian offices, however, this area is low-cost spay/neuter programs. rich in Every organization has a program to help people be able to afford the procedure for their own cat or for strays. If you are not aware of these programs, you can call The Tenth Life for more information on the programs in the area. Please be aware that if a cat is going to be released back to the outside, a female that has been spayed needs to be kept indoors for a week after her surgery, and a male needs to stay in for a few days. They should not be back out climbing trees or chasing around when they have just had surgery. Just as people need a recovery time after surgery so do the cats.

> Another way to help with spaying and neutering is to encourage and educate everyone you know to also have their cats spayed or neutered. If they cannot afford the surgery through their regular veterinarian, inform them of the low-cost programs in their area or tell them they can call a local shelter for information. If the cost is still prohibitive for them and can to help them, please offer your assistance so that the cat will not reproduce.

> Please see the information sheet in this newsletter that shows how quickly cats reproduce and the result of this uncontrolled reproduction over several years. One cat can start an epidemic of reproduction that expands exponentially. The information sheet also depicts the advantages of having cats spayed or neutered. Of course, the main advantage is that the over-population of cats will be reduced. We desperately all need to work together to reduce this problem. Total elimination

happen. You need to remember that every cat spayed or Easter Pie Sale neutered does contribute to the reduction of this problem. Please do everything you can to help cats be spayed or neutered.

#### **Annual Plant Sale**

Believe it or not, it is time to begin thinking about your plant needs for the spring of 2016. The plants will again be provided by Furst Florist and Garden Center. They have always supplied the plants for the sale and are always the best plants available. Last year we sold twenty-six thousand dollars of plants. They were so beautiful, and the cost was competitive with other nurseries. They are not "big box store" plants, but rather Easter Bake Sale are the highest quality, healthiest plants you can find. #### **Past Fund Raisers**

Since the last newsletter, we have had several fund raisers. The Thanksgiving pie sale was very successful. We sold ninety-two pies at a profit for the cats of two hundred and forty-four dollars. The pies were delicious, pies were sold. We thank everyone who and all purchased pies and Mehaffies for allowing us to participate in their fund-raising program.

The weekend after Thanksgiving was our first bazaar and the wreath and Christmas plant sale. The bazaar was well received, and the sales made twelve hundred and seventy-eight dollars for the cats. We had a very nice selection of cat-related items, especially our catnip toys. The wreath and plant sale made a profit of one thousand five hundred and forty-one dollars, and all the wreaths and plants sold. We were very excited with the outcome.

On December 5<sup>th</sup> and 6<sup>th</sup>, Wickline's Garden Center in Xenia had a Christmas Open House and invited several exhibitors to participate. The Center was decorated so beautifully and made it seem more like Christmas. This is the second year that we have been invited. We took our catnip toys, cards, etc and raised one hundred and eighty-eight dollars for the cats. We met many wonderful people and informed them about the work of

who manned the table, and everyone who purchased our merchandise

The pictures with Santa were also very rewarding and a successful event for the cats. The volunteers who played Santa and his helpers took pictures with people's pets, including dogs, cats, snakes, chickens, and lizards. We thank Pets Supplies Plus in Kettering, Beavercreek, and Centerville for allowing us to take pictures on December 12<sup>th</sup>, 13<sup>th</sup>, 19<sup>th</sup>, and 20<sup>th</sup>. In total, we made thirteen hundred and ninety-five dollars for the cats. We are so grateful to the dedicated volunteers who gave their Saturdays and Sundays for this event.

On December 19<sup>th</sup>, we had the second bazaar, the Christmas pie pick-up, and the Christmas bake sale. The sales for the bazaar were again very successful. The pie sale sold sixty-eight pies at a profit of one hundred and sixty-seven dollars. All the pies were sold. The bake sale was the largest sale in profits and number of varieties of baked goods and candies. As we told you, the wonderful lady who has baked so many varieties for years moved to Tennessee. She agreed to again bake for this sale, if someone would meet her in Kentucky to get the baked goods. We had several offers from volunteers to make this trip. We truly appreciate the volunteer who drove to Kentucky and transported the goodies back to The Tenth Life. Fortunately, the weather cooperated and the transfer was made. She provided thirty-two varieties of cookies and candy. Many other bakers also came to our aid and donated another twenty-five varieties of cup cakes, pumpkin rolls, candies, cookies and shortbread items. In total we had fifty-seven varieties of delicious home-baked goodies for our customers. We raised thirty-three hundred and thirty-five dollars on this date from the bake sale, the bazaar and donations. Thank you to everyone who helped with this event and made it so profitable for the cats.

#### Reminders

We appreciate your saving ink cartridges, Fresh Step Paw Points, pennies, coupons, and aluminum for the cats. We redeem the ink cartridges for rewards to purchase office supplies, paper towels, Clorox wipes, etc. This saves us funding from the general funds and allows them to be used for even more important purposes.

The Paw Points can be found on the bag or box of Fresh Step Litter. The code is ten characters, but is not the lot number. Simply cut off the top layer of the bag or box with the code and mail it to our post office box. **Please be sure to cut off the entire code.** 

The pennies can be wrapped or not. We are thrilled to <u>Website:</u> get them either way. From the Statistical Summary you can see how the pennies add up to make dollars. Truly **thetenthlife.org** every penny counts.

Sending coupons for Fresh Step Litter, cat food, Yesterday's News Litter, paper towels, toilet paper, wipes (Lysol or Clorox), and facial tissue save dollars when we shop for supplies.

The aluminum can be any type of aluminum from cans (pet food or soft drink) to siding and spouting. Canned vegetable cans are steel, not aluminum. A magnet will not stick to aluminum, but will to other metals.

Any of these can be brought to The Tenth Life during our hours of operation. Of course, the ink cartridges, Paw Points, and coupons can be sent to the post office box. Please keep saving and helping the cats.

# HOPE YOUR 2016 IS GREAT FOR YOU AND YOUR PETS.

# **SPAY/NEUTER FACTS**

All pets should be surgically spayed/neutered for many reasons. In addition to improved health and behavior resulting from this surgery, you will be doing your part to reduce unwanted pet population. Millions of unwanted animals are euthanized each year because good homes are limited.

# Benefits of spaying/neutering

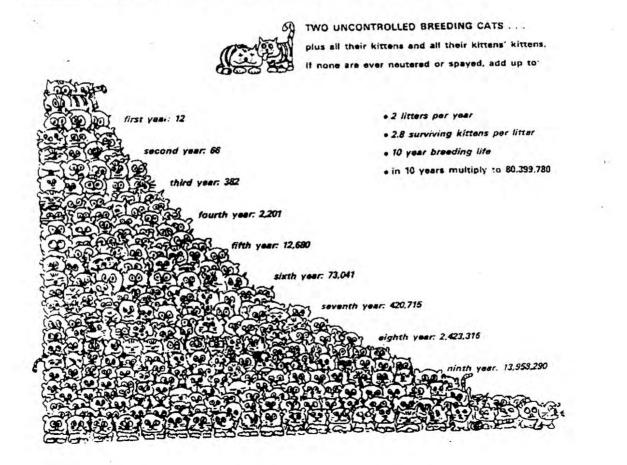

## Females

Prevents signs of heat Prevents blood stains on carpet from heat cycle Decreases chance of breast tumors Eliminates chance of cystic ovaries Eliminates chance of uterine infections Prevents breast development (if done early) No unwanted pregnancies or offspring

# Males

Prostrate cancer incidence decreased Testicular disease eliminated Decreases desire to roam Eliminates odor of tom cat urine Decreases aggression Prevents spraying and marking Eliminates undesirable sexual behavior

- Your pet will NOT get fat or lazy because of this surgery. Diet exercise and heredity have much more influence on the weight and attitude of your pet.
- Surgery is recommended when the pet is about four months of age, but it can be done at any age.
- It is much easier on your pet to be spayed before going through a heat cycle due to the smaller size of the reproductive tract.
- Surgery is performed painlessly while your pet is under general anesthesia. Surgical risk is minimal. Most pets go home the same day. Post-surgical pain is minimal.
